

Scheduled Maintenance

To ensure your LR4 stays in peak working order, we recommend adhering to our schedule of planned maintenance. We will perform your first scheduled maintenance at no cost within your first 12 months of ownership or at 15,000 miles — whichever comes first. To get a better sense of recommended service intervals, please refer to the Passport to Service you received from your retailer.

Land Rover Staff & Technicians

Knowledgeable Land Rover representatives are always ready and willing to answer any questions you may have about your Land Rover vehicle and ensure your needs are met.

For routine maintenance and genuine Land Rover replacement parts, please visit the service department at your local Land Rover Retailer. Our skilled and experienced service technicians are best equipped to attend to your LR4.
